

## WordPress Website Designer (Contract / Remote)

**Job Type:** 1099 Contractor

**Location:** Fully Remote

**Compensation:** Based on experience

**Hours:** Vary by project (flexible)

---

**Key Concepts Marketing** is a full-service marketing agency based in La Vernia, Texas, serving clients across Central Texas and beyond. We are seeking a detail-oriented and creative **WordPress Website Designer** to support our growing client base on a project-by-project basis.

This is a **fully remote, contract role** with flexible hours. Ideal for a proactive, experienced designer who can manage projects from concept to launch with team collaboration.

---

### Responsibilities:

- Design and build custom websites from start to finish using **WordPress and Elementor**
  - Manage website publishing, including **DNS updates** and going live
  - Make edits and updates to existing websites as needed (including occasional **Wix** sites)
  - Implement basic SEO setup (e.g., metadata, alt tags, sitemap, robots.txt)
  - Ensure responsiveness and usability across all devices
- 

### Requirements:

- **Proven experience with WordPress and Elementor (portfolio required)**
- Ability to create, design, and launch websites independently
- Experience with DNS management and launching websites
- Basic knowledge of **Wix** for small-scale edits when needed
- Understanding of basic on-page SEO principles
- Strong communication skills and attention to detail
- Reliable, deadline-driven, and responsive to email communication within 24 business hours
- NDA and non-compete agreement required

---

This is a great opportunity for a freelancer looking to build long-term relationships and work with a collaborative team that values creativity, clarity, and flexibility.
